

Amberg Technologies Ltd is a leading provider of integrated measuring system solutions for recording and analysis of structural information in the infrastructure sector. Sound knowledge and a consistent focus of business activities on the area of infrastructure construction, especially tunnel and railway construction, generate high-quality system solutions known all over the world. Amberg Technologies Ltd is a Swiss enterprise which operates globally as a company of the Amberg Group.

In order to support our Rail division, we seek to fill the following position (m/f):

## Surveying Engineer for Rail System Development 100%

### Job description:

- Requirements engineering and drafting of specifications for software and hardware development
- Provide assistance in the development phase as the contact for technical matters
- Planning and execution of system tests during and at the close of a development phase
- Conduct system validations in the market and for key clients
- Create and maintain the product documentation

Secondary, you will support Sales in client acquisition as well as in organizing and conducting client presentations. You will be the contact in technical matters for Sales as well as for (potential) clients and will assume responsibility for verbal and written client support. Planning and conducting client training sessions including creation of the training materials will round out your multifaceted responsibilities.

### Your ideal profile:

- Completed course of studies in the area of surveying/geomatics (e.g. geomatics engineer)
- Professional experience in a comparable function in surveying
- Affinity for product development in the area of system engineering
- Knowledge of programming (desirable)
- Willingness to travel (30% worldwide travel)
- Very good written and spoken command of English and German
- Ideally, you will have a background in the surveying sector

A motivated team awaits you along with a multifaceted and challenging position offering a great deal of latitude in a successful, family enterprise with international operations.

Ready for a new challenge? Then we look forward to receiving your complete application documents in electronic form at [job@amberg.ch](mailto:job@amberg.ch).
